

ACTIVATE AN ONGOING SEARCH

Can't find the vacation you're looking for? Let RCI help find it for you.

There are two ways to initiate an Ongoing Search. You can call an RCI Travel Guide and have them start an Ongoing Search for you, or you can begin an Ongoing Search online using the steps below.

- 1 To start a search, select "Did Not Find Your Vacation?" at the bottom of your search results page.

- 2 Fill out the form with your desired criteria.
- 3 Let RCI do the rest.
- 4 Once a match is found, you'll be notified to either confirm the Exchange or release it and continue to search for another option.

TOP 4 REASONS TO START AN ONGOING SEARCH

RCI does the work for you by searching 24/7 for your Exchange vacation, based on your criteria.

No need to check back. RCI will email you monthly with updates on your search and notify you as soon as a match is found.

Set your Ongoing Search to Auto-Confirm so as soon as your desired vacation is available RCI confirms it for you.

With an Ongoing Search, you get prioritized access to member-deposited inventory, giving you a better chance of finding the vacation you want.
